

When Can I Enroll in Health Insurance Coverage through the Marketplace?

There are two main periods when you can enroll in health insurance through the Marketplace:

- Annual Open Enrollment Period:** This is the time when you can make changes to your health insurance plan. It typically runs from November 1st to December 31st each year.
- Special Enrollment Period (SEP):** This allows you to enroll or change your plan outside of the annual open enrollment period if you experience a "qualifying life event" (QLE). Examples of QLEs include getting married, having a baby, losing a job, or moving to a new state.
